Showdown has been open since 1936, offering a family friendly atmosphere and amazing all natural snow. Showdown's base area elevation is 6,800 feet, higher than many other Montana ski area summits. Most importantly, this place is not your average run of the mill ski area, it has something special...true Montana grit with a dash of class. For more information on the ski area visit www.showdownmontana.com.

Horse Whispering Class \$70.00 per person
Included with All-inclusive package

Skijoring \$120.00 per person
Included with All-inclusive package

Private Lessons \$200.00 per person per hour
Included with All-inclusive package

This **Trail Ride** is one of a kind and will take you to the top of the ranch looking over the river valley. We will ride through the rolling hills and pastures that surround the ranch while having views of Belt Butte, the High-wood Mountains and the Little Belt Mountains.

Horse Whispering is truly a unique experience. Have one of our expert trainers teach you the basics of horse whispering or what is known in the industry as natural horsemanship. You will learn how to take a horse into a round pen and communicate with the horse through your body language. If you are good enough you will create what is called a “bond” and have the horse follow you around the round pen. This is a skill set that you will be able to take to any equine encounter to create a sense of safety and confidence with the horse.

Skijoring is both exciting and adventurous. Atop one of our magnificent horses, our equestrian guide will pull you through our skijoring course on a sled. A unique experience for both those watching and those participating.
